

Stillwater Outfitters

SPRING 2007

Ducks/Geese

The 2006 Duck & Goose seasons are in the books. Despite the crazy weather and record snows that belted the Front Range this past season Stillwater hunters managed to have another banner year. Shane Kingsley spent as many hours moving snow as he did hunting geese at times this past season, but because of his tireless effort we were able continue business as usual all but two days the entire season. My hats off to all our guides for their efforts and creativity this year and a Special Thanks to all of you that continue to hunt with and support Stillwater Outfitters.

Jeff Foiles... Jeff proved once again that he's not just another pretty face that can blow a goose call like none other. He rolled into town to guide goose hunters for Stillwater Outfitters and shoot video again this winter. With the help of Danny Jensen he and his crew went 100% limits...that's "Gettin r Done"!!! Look for Jeff and the crew this spring and summer on the Men's Channel, and if you where one of the lucky one's that hunted with him this past winter maybe we'll see you on TV too...Jeff will be back next Fall for another swing at em.

Early Booking Special
 Book a Duck or Goose hunt(s) and have your deposit(s) to us by June 1 2007 and you and your partners will receive a Four for the Cost of Three Discount. Call or email for more details.

Spring Turkey

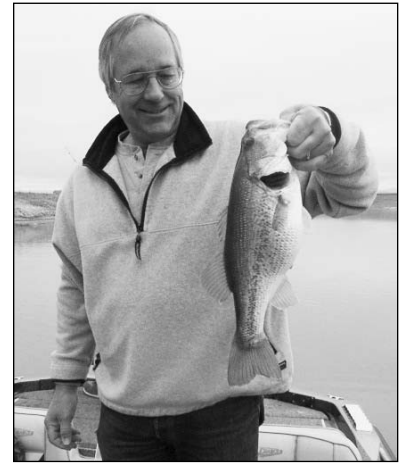

Spring Turkey Kansas/Nebraska... There's nothing that gets your blood pumpin like a Big Gobbler lightin it up in the pre dawn. I just got a report that the Gobblers are starting to strut and round up hens next to our Lodge in Kansas. Spring Turkey hunting is a buffet for the senses and an opportunity to get the shotgun or bow out one more time before the dog days of summer set in.

There are still a couple weekends and several weekday slots available for the 2007 Spring Kansas & Nebraska Turkey Season. We have huge act to follow after going 100% last spring, but we're up the challenge. Give a call or send an email to check on availability.

Fishing

We have a few limited memberships available as well as our standard guided bass & crappie fishing starting April 1. This is still one of the most underused recourses we have along the Front Range. Jeff Colwell took Jeff Foiles and his son Cole on a day trip last spring and he couldn't get either of the Foiles boys off the water. I've said it before, what a great way to entertain guests, clients, family, or treat your self to a relaxing day on the water. Check out our web site for more info.

The General with a 5x5 Kansas Whitetail taken 12/5/06

Trophy Whitetails & Mulies

It's not too early to start making plans for Colorado, Kansas, or Nebraska deer hunts this fall. We've added archery and black powder hunts to the rifle hunting that we started with in 2006. We had tremendous success in 2006. We've added another fifteen miles of creek bottom in Kansas and Nebraska, and will add even more before the season starts this fall. We are well on our way to creating a Trophy Whitetail hunting area that will be one of the best in the country. Call or email for available dates for all three states.

Brad with his first trophy 6x5 Kansas Whitetail taken 12/1/06

*Be safe and good hunting!
